PO DELTA PARK (ITALY)...A HOLIDAY CHARACTERISED BY NATURE AND BIRDWATCHING

The enchanting scenery of the Po Delta Park Emilia Romagna (Ferrara-Italy), surrounded by the cities of artistic interest such as **Venice, Ferrara, Ravenna**, offers the opportunity to admire the habitat hosting wetsites of International relevance thanks to the presence of several water wildfowl species.

Towards the end of April and the beginning of May, the whole territory **celebrates nature and all the possible ways of discovering it while at the same time supporting its preservation**, with the **International Po Delta Birdwatching Fair**- held in **Comacchio (FE)** from **April 28th to May 1st 2006**.

The Fair will be also offering the opportunity to play an active role in exploring and experiencing nature through the organisation of **guided tours, on foot and by boat**, to the most beautiful naturalistic sites of the Park, naturalistic **photography workshops, birdwatching lessons** and finally **environmental education laboratories for children**.

The exhibition village will be introducing, with over 190 exhibitors, the best in the following sectors: optics, photography, backup material and equipment to go birdwatching and practice your photographic skills in touch with nature, trade publishing, clothing, facilities to live as close to nature as possible, and to set up and furnish Parks and oasis, eco-compatible electric vehicles, equipment to practice outdoor sport activities, travel destinations, T.O. and much more.

A special attention will be paid to **Photography**: after the success of the exhibit *Wildlife Photographer of the year* presented at the International Po Delta Birdwatching Fair 2005, this year for the first time in Italy you will be able to see the pictures of another important international contest about naturalistic photography **GLANZLICHTER 2006**.

The extraordinary Glanzlichter images will be shown in **absolute preview** in Italy during the 2006 edition of the International birdwatching and nature tourism fair. Come to its eighth edition, **Glanzlichter** is one of the most important European photographic contest in the naturalistic field. A high level meeting with the best naturalistic European photography and an occasion for every photographer and nature lover, that cannot be missed.

If you are, on the other hand, more keen on taking a challenge "in a click", this is the chance for you to participate in the naturalistic photography contest "**Delta in Focus 2006**".

NOT TO BE MISSED!

First European Championship of Birdwatching...a challenge "at a glance"

For a lively and exciting stay to the discovery of the Po Delta Park treasures, enrol in the first European Championship of birdwatching! Organised in collaboration with LIPU Birdlife Italy, the members will form the several teams going around the territory equipped with binoculars and will be filling in a check-list of the birds they identified.

Each team, going from a minimum of 5 up to 7 participants, will have to recognise the highest number of birds in the birdwatching sites of the Po Delta Park within the times set by the organising secretary. Each participant will be provided with a sighting form and the team will hand in the list of the birds detected to the organisation, only if agreed by the majority. The first selections will be held on Sunday morning **30th April** while on Monday **1st May** in the afternoon, the first prize winners will be appointed as "European Birdwatching Champions" and they will be given prestigious prizes.

It is easy to enrol: just compile the form available on line at www.podeltabirdfair.it under the "News" Menu, "First European Championship of Birdwatching".

The programme and the opportunities offered at the International Po Delta Birdwatching Fair 2006 are available on line at www.podeltabirdfair.it .

The Camping Bungalow Park TAHITI is known as a top-camping site at European level. In its brand new structure "Thermae Oasis-I giardini del benessere"-you can enjoy the spa waters rich in sodium chloride and iodide and experience the pleasure of a different, unforgettable vacation. Campers will find 6 different types of pitches and 7 different accommodation typologies meeting any kind of need.

It is in the midst of greenery and offers various characteristic swimming-pools: one is pre-Olympic, one is exotic, with its Atoll and the palms, and the latest is a very evocative lagoon, surrounded by rocks and waterfalls that draw inspiration from the Roman scene, which is of Mediterranean influence.

The facilities and the other structures are first rate; its wide private beach of fine sand is just 800 metres away from it and one can get there by the Lilliputian train, which is at disposal of all guests.

Inside, there is an extended and complete range of day and night animation programmes for adults and children, supported also by the Baby Club (from 3 years of age).

One can do sports such as football, volleyball and beach volleyball, the exercise walk and body building.
